SAAC-38 Convention Special Edition

SAAC-38 - JULY 4-6, 2013

AUTO CLUB SPEEDWAY, Fontana, CA

SAAC returns to the West Coast this year with our National Convention at Auto Club Speedway (formerly California Speedway) in Fontana, California...the site where SAAC-27 and SAAC-30 were held.

Auto Club Speedway is a massive complex perfect for an event such as ours. Plenty of parking and paddock area, grandstands right in the heart of the action. The main track is a Two-mile D-shaped oval, and of course we augment this with an infield road course, making for a 2.8 mile circuit. This makes for an exciting open track experience and perfect for our Vintage racers.

As we have done in the past, the schedule will have two full days of Open Track, a full day of Car Shows, Vintage Race action and a Trans-Am feature race.

You will receive an e-mail notification when ONLINE Registration is available. We strongly suggest that you pre-register for this event, for a couple of reasons. One is that some of the activities are limited and if you wait and just show up, chances are they will have filled up. You'll have nobody to blame but yourself. Another good reason is that we need to know in advance how many people to expect. Advance information about SAAC-38 is contained in the Info Sheet at the right. It will describe what you can expect at the convention and answer any questions you might have.

We will also be posting more information on the SAAC website over the next week or so. Go to "SAAC-38" on the home page and a pull-down menu will have specific details on all convention activities: open track, vintage race, concours guidelines, car show rules and classes, swap meet, etc. These sections will have the Guidelines and Forms for each respective event. See you there.

Ron Richards
SAAC National Director
