

This special event will be held Sunday, November 17th, 2024.

The event will be from 10:00 am to 2:00 pm.

<https://marconimuseum.org/toy-drive/>

The first eight (8) car owners to RSVP need to arrive between 8:00-8:30 am. I have already garnered a potential rally point and meeting place so that we can drive in together and be parked together. Once you RSVP you will receive those details. Show cars from our club will be able to start leaving around 1:00-1:30 pm. I must turn in the tally by November 1st.

The Marconi's are requesting that everyone in attendance bring an unwrapped toy as a donation. Donuts and coffee will be available at the museum with regular museum hours.

Since we are *the best club around*, and have the finest people as members, and we as a club have the most tenure as far as history, I think it's imperative that we get the word out now so that we can generate interest in this event. We will turn a lot of heads by our presence. I'm sure that there are some of our number that would give up 4 hours of their time on a Sunday. Enough time for church, errands, chores, & some friends and family time at the Marconi.

ALL QUESTIONS and RSVP's can be made to Special Event Coordinator:
